

Dear ACI members,
Dear friends of the four rings and of their predecessor brands,

We are delighted to be able to invite you to the **3rd Audi Club International Meeting** in the heart of Germany. This time we ask you and all the divisions of our membership to spend three days together with us at the ADAC driving safety centre in Nohra, Thuringia.

This year, the meeting will be supported by our members Audi Club Nürnberg e.V. and Audiclub Altensteiner Oberland im ADAC e.V., who are co-hosting the event.

Once more, we hope we have organised a really interesting programme for our wide spectrum of vehicles and members. And so we would ask you please to make a binding reservation.

We have paid attention to the feedback sent to us about the previous meeting, and so we have extended the registration options and booking for younger members. The paid registrations will be confirmed in the order of the date they are received. So please don't wait too long to register and pay. You can send us the signed registration form by post, fax or e-mail.

Should you have any questions, please do not hesitate to ask us. We will be pleased to help you.

We look forward to welcoming you as participants and we wish you a pleasant journey to Nohra.

Yours sincerely,
Thorsten Schache
Committee chair, ACI

Liability disclaimer

Participation in the event is entirely at the risk of the participant. The organisers disclaim all responsibility for damage incurred in direct or indirect connection with the event. The participant assumes civil and criminal responsibility for any damage caused by said participant (e.g. damage to persons or property or consequential damage) and is responsible for sufficient insurance cover. The participant makes no claim whatsoever on the organisers, any helpers, contracted personnel or other agents for damage incurred in connection with the event. The participant exempts the organisers from claims made by third parties in connection with damage caused by said participant and incurred at the event. Liability for deliberate damages and gross negligence by the organisers remains unaffected. This liability disclaimer is valid for the journey to the event and the return journey, and also for the entire duration of the event.
